Tech.TITAN

Titanic Telegraph

RMS Titanic sent out the distress code **CDQ** in **Morse Code.**
A new distress signal, **SOS,** had been introduced a few years before in 1909.

Make an electrical circuit using the materials provides. It should contain a switch and a buzzer to send out the distress messages in Morse Code.

CDQ: __.__. __ __ .__ __..

SOS: ... __ __ __ ...

Make a labelled drawing of your circuit below:

Use the resource sheet to send some other messages.

TITANIC
